

AuraX 14

14-inch rear-ported built-in two-way speaker

Description

The AuraX Series Audio System redefines modern design with its innovative breathing light effects. The iconic luminous logo intelligently shifts colors in sync with musical rhythms, infusing futuristic aesthetics into home gatherings and KTV rooms. Anchored in our "Sound-Light Synchronization" philosophy, the system integrates an intelligent scene recognition chip and multi-band dynamic compensation technology to perfectly adapt to diverse genres like pop, rock, and R&B. The proprietary Vocal Energy Ring System empowers singers to effortlessly navigate vocal ranges, while an environment-adaptive noise reduction algorithm ensures crystal-clear lyrics cut through every note

Features

- Accurate two frequency design
- Rear-guided strong low frequency, reduce distortion and optimize

sound quality

- Flexible and easy installation

AuraX 14

14-inch rear-ported built-in two-way speaker

Technical specifications

Frequency Response(-3db)	50Hz-18kHz
Rated Power(RMS)	750W
Max SPL @ 1m	127dB/133dB (PEAK)
Dispersion (H x V)	90° x 80°
Sensitivity 1W @ 1m	99 dB
Nominal Impedance (Ohm)	8 Ω

Physical specifications

Box	14-inch rear-ported built-in two-way speaker
Woofer	1 x 14 inch low-frequency unit
Compression driver	1 x 1.75 inch compression driver
Frequency division mode	Built in two-way frequency divider
Cabinet/Case Material	12mm laminated board
Box surface treatment	Coal gray 0.9 small point paint
Grille	Electrostatic powder spray black, 1.2mm mild steel
Connector	2 x NL4
Optional Accessories	Lifting kit
Dimensions(W x D x H)	390 × 493 × 645mm
Package Dimensions(W x D x H):	415 × 510 × 680mm
Net weight	29.50kg
Gross weight	32kg
